Available to start immediately

Highly motivated and results-oriented with 2+ years of experience as a front-end development **specializing in Angular (10+)**. Skilled in building scalable web applications using Spring Boot, MySQL, Angular, and other modern technologies. Proven ability to design, develop, and deploy features for e-commerce platforms, ensuring a seamless user experience and efficient backend operations. Adept at integrating front-end and back-end components to create robust, high-performing applications. Passionate about writing clean, maintainable code and optimizing application performance for maximum efficiency.

TECHNICAL SKILLS

- Java
- SpringBoot
- Angular
- OOPS Concepts
- JavaScript
- TypeScript
- HTML
- CSS
- MySQL

COMPETENCIES

- Team work & Collaboration
- Decision Making
- Statistical Analysis
- Great Communication
- Project Management
- Continuous Learning

EDUCATION

B. Tech. in Mechanical Engineering | Aug 2021
Vishwakarma Institute of Information Technology, Pune

Diploma in Mechanical Engineering | July 2018
Cusrow Wadia Institute of Technology, Pune

CERTIFICATES

The Complete Guide to HTML

SQL for Beginners: Learn SQL using MySQL and Database Design

JavaScript Basics for Beginners

Java Programming for Beginners

Angular Step by Step for beginners

EXPERIENCE

MEDIMAZE SOLUTIONS PVT LTD | April 2023 – March 2025
Frontend Software Developer

Esahaj - Hospital Management Information System (HMIS)

- Expertise to the development of Esahaj, focusing on an HMIS web software. implementing HMIS for a large hospital network, including patient management, appointment scheduling, and clinical support modules.
- Demonstrated proficiency in database management using MySQL and Mongo DB software ensuring optimal performance and data integrity.
- Applied expertise in Angular for the frontend, contributing to the creation of a seamless and user-friendly interface.
- Implemented the HMIS project using Agile Methodology, ensuring iterative development cycles, frequent feedback loops, and adaptability to evolving requirements, resulting in timely delivery and stakeholder satisfaction.
- Integrated Angular Material UI, Bootstrap, and Prime NG for enhanced aesthetics and functionality.
- Proficient in using **RxJS** for reactive programming and handling asynchronous data streams.
- Experienced in optimizing performance with lazy loading, state management (e.g., NgRx), and reusable components.
- Collaborated with cross-functional teams to design and implement new features.
- Improved user experience by implementing dynamic forms, animations, and advanced routing techniques.
- Resolved complex technical issues and optimized code for performance improvements.
- Experience with version control systems (e.g., Git).
- Extensive experience in Web Application Development and integration.
- Excellent problem-solving skills and attention to detail.
- Strong communication and collaboration skills.

PEOPLESTRONG TECHNOLOGY PVT. LTD. | July 2021 – Dec 2022

- Database Management: Managed and maintained candidate databases, ensuring accurate and up-to-date records.
- Data Analysis: Analyzed recruitment data to identify trends and improve the efficiency of the hiring process, utilizing tools like Excel, SQL, or other data analysis software.
